## Plant Materials <u>PERMITTED</u> in the Design Division:

- 1. Products manufactured from plant material whose natural state (leaves, branch, tree trunk, root, etc.) has been so altered as to be given a new identity and a specific name, such as rope, basket, mat, etc.
- 2. Decorative wood-- An all-inclusive term for most dried wood that includes weathered wood and/or polished or otherwise treated wood. Not permitted in Tricolor classes.
- 3. Altering the exterior appearance of dried plant material.
- 4. Using absorbing solutions such as glycerin, bleach, anti-freeze, etc. on fresh plant material to change the natural dried state.
- 5. Contrived plant material (a form constructed of fresh and/or dried plant material appearing as an obvious "fantasy flower, foliage and/or stem")
- 6. Dried man-made constructed components retaining their recognizable character as plant material (and not used as a container), such as grape vine forms, etc. are considered dried plant material.
- 7. Living plants with roots attached, such as moss, Bromeliaceae family members or container-grown specimens.
- 8. Plants on state conservation/native plant list, grown by the exhibitor or obtained in a legal manner and so identified.

## Plant Materials NOT PERMITTED in the Design Division: HB pgs 80-81

- 1. Painting, flocking, glittering or dying of fresh plant material in any manner. (All other physical embellishments of fresh plant material are permitted.)
- 2. Artificial flowers, foliage, fruits and vegetables. (Artificial is defined as "imitation" or a "copy", handcrafted or manufactured to represent and/or appear as real plant material.)
- 3. Silk, plastic, or imitation plant material.
- 4. Manufactured items simulating plant material. (examples -- singing/speaking flowers, motorized wand metallic flowers and foliage, fountains featuring metal cattails and/or waterlilies.)
- Invasive plants: See the list at: http://www.floridaforestservice.com/forest\_management/plant?conserve\_list.html

## Non-Plant Materials <u>PERMITTED</u> in the Design Division: HB pg. 81

- 1. Accessories (a subordinate object) and featured objects (an object that is dominant in a design).
- 2. Dinnerware, inspired in a design by the form of a plant (flower, fruit, leaf, vegetable, etc.) created not to replace the actual plant material, but to serve as an interesting piece of dinnerware. (Cabbage-shaped tureen, apple-shaped luncheon plate, floral-motif napkin ring.) A traditional container with three-dimensional motif is essentially a container.
- 3. Objects adding interest when permitted by federal, state, and/or local regulations, such as

feathers, antlers, coral, horns, starfish, sponges, sea fans, shells, nests, or manufactured or crafted simulations of birds, animals, etc.

- 4. Special lighting not requiring electrical source.
- 5. All staging properties, such as panels including staging panels, frames, pedestals, columns, boxes, cubes, underlays, etc.

## **Non-Plant Materials <b>NOT PERMITTED** in the Design Division: *HB* pg. 81

- 1. American and other national flags.
- 2. Living members of the animal kingdom and/or taxidermal representations.
